

AWAITING THE COMING BAVA METZIAH DAF YOMI EXPRESS

Pictured above Rabbi Rubin describes the "train-station" metaphor to students now learning Talmud Bava Metzia. 3rd thru 8th grade students are learning various chapters of this tractate currently studied by Daf-Yomi. The Daf-Yomi "Express" (who study a full double-sided page each day) pulls into our "station" is Sunday, Tevet 24, January 22nd ending the last chapter "HaBayis vha'Aliyah". Stay tuned!

MEALWORMS IN SCIENCE

Ugh! Most students weren't so enamored with these mealworms, pictured here in a pan of food on left. They love veggies & grains. But Mrs. Kirkley explained how they are a good protein source.

WHAT'S UNDER A GRAIN BAG?

A silver goblet, of course! These Nursery students are learning about Yosef's silver goblet that was found hidden (planted!) inside Binyamin's sack of grain. In this week's Parsha, Judah stands up to confront Yosef (he didn't know yet that it was his own brother Yosef) to stick up for Binyamin.

MAZAL TOV BACKMANS

MHDS alumnus Yisroel got married last night to Bayla Bennish in Detroit. Mazal Tov! This picture is of MHDS alumni (among others) at the wedding L-R: Mendy Yarnove, Eli O'Brien, Motti Rubin, Mr. Backman, Efraim Backman, Tremach Simon, & Elimelech Backman. Sorry the Chassas & Kallah are not pictured. Mazal Tov to Sharona and Avreimi and the whole Backman clan!

In honor of our very dedicated
Sharona Backman
and the Backman Family
on occasion of her son's Yisroel's
marriage — Mazal Tov!

SCIENCE CENTER UPDATE

Thanks to a very generous anonymous (9) recent gift, and donations coming in, we're soon reaching the

50% mark in contribution and pledges.

WOW! The marching national donor organization expects us to get more pledges in place by mid-February, so we continue to reach out to prospective supporters to make this dream a reality! If you, or someone you know, may be interested in expanding our science horizons with this major ambitious project, please contact Rabbi Rubin 423-4103 or at: RRRubin@gmail.com. THANKS!

WATCHING "GANDHI"

As part of their Social Studies on India, HS Girls watched and discussed "Gandhi" with Mrs. Ramsay, and the way he effected change.

A HOUSE FULL OF BOOKS

This month's "Better Together" theme is about Bayis Melech Seferim, the great value of books in a home. They hope to make "Little Libraries" to share with seniors they visit.
